**Great Plant Picks**

The Pacific Northwest's  
Premier Plant  
Educational Program

**Great Plant Picks** is an educational program of the Elisabeth C. Miller Botanical Garden that selects and recommends a comprehensive palette of outstanding plants for the maritime Pacific Northwest. Our goal is to encourage the use of the best and most reliable plants and to promote sustainable and beautiful landscapes in our region.

Working with a committee of volunteer professional horticulturists, thousands of perennials, bulbs, shrubs, vines, trees and conifers are discussed and evaluated for their value and growing ability in the Pacific Northwest. Plants are chosen based on several criteria including ornamental value, ease of care, and pest and disease resistance. See more information on our website [www.greatplantpicks.org](http://www.greatplantpicks.org)
